THE BAY STATE NURSERIES.

Location of Nurseries.

The Bay State Nurseries are located in North Abington, Mass., 18 miles south of Boston on the Plymouth Division of the N. Y., N. H. & H. R. R.—half way from Boston to Plymouth. Trains leave the South Station at frequent intervals during the day. **Visitors are always welcome.** Our office is ten minutes' walk from the station. If notified we gladly meet visitors at the station and take them about the Nurseries.

The Shipping Season.

Our large storage cellars contain a full line of Roses, Shrubs, Vines, Rhododendrons, fruit trees and small fruits, all carefully graded and ready for shipment. Early consignments will be carefully packed and forwarded at the convenience of our customers. We usually begin digging about March 20th, and continue until the middle of May or the first of June. Evergreens and Herbaceous perennials can be successfully transplanted until the middle of June.

Directions for Shipping.

Parties ordering are requested to state explicitly the mode of conveyance by which they desire their stock forwarded.

When no route is designated, we exercise our judgment; but in no case do we assume any responsibility after packages are shipped, unless for our own mistakes. When losses occur by detention, claims should at once be made on the forwarder.

Inspector's Certificate Accompanies Every Shipment.

CONDITIONS OF SALE.

First.—The articles on the following list will be furnished at the annexed prices only when the quantity specified shall be taken. **Five hundred** will be furnished at the **thousand** rate; **fifty** at the **hundred** rate; and **five** at the rate per **ten**.

Second.—While we exercise the greatest care to have all Trees, Shrubs and Plants genuine and reliable, and hold ourselves prepared to replace, on proper proof, all that prove untrue, we do not give any warranty, expressed or implied; and in case of any error on our part, it is mutually agreed between the purchaser and ourselves that we shall not at any time be held responsible for a greater amount than the original price of the goods. No complaints will be considered that are not made within ten days after receipt of stock.

Third.—The prices annexed do not include the boxes or bales. A charge for the actual cost of the boxes or the material used in baling is made. No charge for conveyance to freight station.

Our terms are cash, unless by special agreement. We can ship by express C. O. D., when desired, with charges for collection added to the bill—provided 20 per cent. of the amount of the order accompanies the same as a guarantee. Said guarantee will be required only from parties with whom we have no business acquaintance. All bills remaining unpaid December 1st in fall, and June 1st in spring, will be subject to sight draft without further notice.

WHOLESALE PRICE LIST.

ORNAMENTAL DEPARTMENT.

NOTE—In compiling this list, we have endeavored to include only such varieties of stock as we have now in our nurseries, in the sizes and quantities offered. In filling orders we shall grade stock according to these specifications. Should orders be received for sizes not found in this list, or should any specified grade be exhausted, we will send the nearest size we have in stock at the time the order is received and charge accordingly, unless otherwise advised.

HERBACEOUS DEPARTMENT.

The growing of Herbaceous Perennials has come to be one of the important features of our business. We have ten acres devoted exclusively to the growing of Perennials. We are continually receiving letters of appreciation relative to the stock we are sending out, and our methods of packing. Our stock was never so large as now, and we feel sure that we can furnish this most popular class of plants from our fields that will be not only second to none, but far superior to much of the seedling, pot-grown and divided stock which is being offered at low rates. Field-grown stock of the proper size will secure for the planter the best possible results.

THE purpose of this leaflet is to reach a large number of people interested in the purchase of nursery stock. If you or any of your friends are interested and will write us, we will forward our *Illustrated Catalogue Free*. It contains description of a full line of *Fruit* and *Ornamental Trees, Shrubs, Vines, Roses and Herbaceous Perennials* grown in our nurseries.

We have one of the largest and most complete lists of nursery stock in the country:

It is Northern grown—hence hardy
It is well grown—hence healthy
It is well packed—hence will reach destination in good condition.

Send us a list of your requirements and we will be pleased to mail you prices with sizes and all necessary information. Our prices are reasonable. Send us a trial order and be convinced.

All orders amounting to Five Dollars (\$5.00) or more, accompanied with the cash, will be packed free of charge and delivered to the Railroad or Express Company.

WE have ten acres devoted exclusively to the growing of HERBACEOUS PERENNIALS

The largest variety of this class of plants grown in New England.

WE have RHODODENDRONS

Both Natives and Hardy Hybrids,—Thousands of them. For varieties see our catalogue.

LANDSCAPE GARDENING is not a part of our business. We are growers of nursery stock. Having a large acquaintance with LANDSCAPE ARCHITECTS, it will give us pleasure to introduce our customers to members of this profession. If in need of the services of a LANDSCAPE ARCHITECT write to us. If we do not serve you it is simply because you do not command us.

STATE BOARD OF AGRICULTURE

Official Certificate No. 13

BOSTON, August 18, 1908

TO WHOM IT MAY CONCERN:

This is to Certify that I have this eighteenth day of August, 1908, completed the inspection of the nursery stock of the Bay State Nurseries (W. H. Wyman, Prop.) grown at North Abington and Rockland, State of Massachusetts, and find it to be apparently free from the San Jose Scale and other injurious insects and diseases which might be transferred on Nursery Stock from the nursery to the orchard or garden.

This certificate is good until July 1, 1909.

[Signed] H. T. FERNALD, INSPECTOR.
